Nowever, if the coupon books were purchased withdollars or pounds, a greater value of coupons was received than if purchased with other forms of currency. This in effect made the cost of items purchased about one fourth to one half of normal market price based on the official rate of exchange. Items available included good quality crystal and chinaware 50X1-HUM 7. Observations in Gdynia City: the apathy of the people--no one laughed. However, they appeared to be more prosperous than persons observed in the USSR. Very few persons were observed wearing military type uniforms in the city (no more than seen anywhere), and those observed 50X1-HUM appeared to be going about normal business or recreation. 50X1-HUM Installations: The only noticeable landmark the radio tower in the vicinity of the church in Oksywie some construction in progress in the area immediately south of the point of Hel Peninsula. Major construction in progress seemed to be the driving of pilings by crane type pile drivers. It was to this area the destroyers (mentioned in paragraph 4) proceeded. No radio, radar, searchlight or artillery positions were observed in this area. 50X1-HUM
